He said if these appointments are to be made on a future consent calendar, staff should include a memo from the Mayor making his nominations, a memo from the Mayor Pro Tem or another representative nominating the Mayor to the positions it is anticipated he will hold, and

have the consent calendar approve both sets of nominations and the minutes reflecting the abstention of the nominee.

It was the consensus of the Council to follow the procedure outlined by staff.

**MOTION: Hanley/ Holmes/ Approved 5:0**

12. **New Airport Road Name Change to Bud Anderson**

Removed from the agenda.

13. **Auburn Urban Development Authority (AUDA) Successor Agency Opt-Out**

Administrative Services Director Andy Heath presented this item. He reviewed history and status of AB 1X26 and AB 1X27, a successor agency's purpose, the Auburn Urban Development Authority funding status, advantages and risks of being a successor agency, and some key dates (presentation available in City Clerk's office).

He said AB 1X26 effective June 29, 2011 dissolves all redevelopment agencies in California. He said a successor agency was not developed earlier because a lawsuit challenging the validity of the two bills was ongoing. He said it was recently determined by the California Supreme Court that AB 1X 27 is unconstitutional. He said a successor agency must be decided on by January 13, 2012 and in place by February 1, 2012 which, consistent with the decision made by the Supreme Court, is now the final dissolution date.

He said AB 1X 26 does not require that the City pass a resolution electing to be a successor agency, although to opt-out a resolution must be passed. He said the State could assign a successor agency if there is no interest from the City. He said all successor agencies will report to an oversight board. He explained who the oversight board will be composed of.

He said the remaining balance in the AUDA fund cannot be used and will be forwarded to Placer County Auditor-Controller.

He reviewed the advantages of becoming a successor agency including ability to recover budgeted and allowable administrative costs, winding down affairs of the AUDA, and participation in future affairs. He reviewed the risks of becoming a successor agency including administrative costs not guaranteed to be recovered and exposure to lawsuits.

He concluded by saying, although staff had originally recommended to opt-out of becoming a successor agency, due to pending legislation and the City's inability to participate in the future, he now recommends the City move forward and become the successor agency to the AUDA.

Council Member Holmes clarified the City's representative on the oversight board. He asked about the AUDA funds to pay the existing obligations. He asked about renegotiating the interest rate on the existing bonds. He asked about the unencumbered fund balance in the Low and Moderate Income Housing Fund.

Council Member Kirby asked about the minimum administrative costs reimbursement written into the law. He asked about opting out at a later time as the successor agency. He asked about the possibility of dissolving the agency.

Council Member Powers asked about the liability exposure of the successor agency.

Council Member Hanley asked about distribution of the reserve funds. He asked about the appointments to the oversight board.

Council Member Kirby asked about the Blocker Drive property and how a sale would be handled.

Mayor Nesbitt said an important factor in this decision is to know that if Auburn is not the successor agency the State could assign a successor agency.

Council Member Hanley commented on his displeasure of the decision by the Governor and Legislature to dissolve redevelopment agencies. He explained why he thinks it is important to become the successor agency.

Council Member Powers spoke in favor of becoming the successor agency.

Council Member Kirby also expressed his displeasure toward the State and their handling of funds. He spoke about how well Auburn spent their

redevelopment monies. He said he is also in favor of becoming the successor agency.

Council Member Holmes said great care was taken by Auburn with redevelopments funds on great projects.

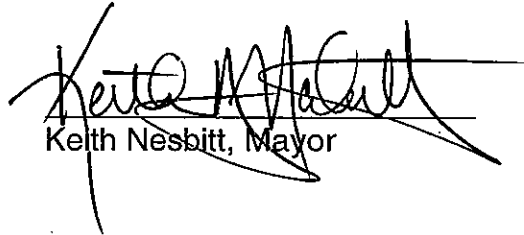

Mayor Nesbitt said it is important to "stay in the game."

By **RESOLUTION 12-03**, elect to serve as the successor agency to the Auburn Urban Development Authority and notify Placer County Auditor-Controller of this decision by January 13, 2012.

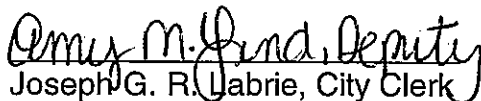

**MOTION: Holmes/ Kirby/ Approved 5:0**
